DISTINCTIONS

Medical Student Teaching Award	2022, 2023
---------------------------------------	-------------------

Making a Difference Award 2023

Aesculapians Honors Society 2019

- Honorary organization recognizing service devoted to the city of Detroit and Wayne State University School of Medicine.

Wayne State University Medical Student Research Symposium 2018

- Clinical Retrospective Study Honorable Mention.

EXPERIENCES

Medical Student Teaching at the University of Chicago; Chicago, IL 2023 Present

- Served as an Ambulatory Preceptor in the AIM course, teaching first- and second-year medical students foundational clinical skills such as obtaining a history and performing a physical examination.
- Taught third-year medical students core pediatrics skills and medical knowledge as part of their clerkship.

Cottage Grove Clinic Healthy Teeth Program; Chicago, IL 2023 Present

- Led the initiative to begin fluoride applications during wellness visits for young children prior to seeing their dentists by organizing supplies, training providers on proper technique, and implementing new clinical resources for billing and documentation.
- Awarded a grant from the Illinois Chapter of the American Academy of Pediatrics to facilitate this work in 2024.

Informatics at the University of Chicago; Chicago, IL 2023 Present

- Completed the Epic Builder certification, which involved three series of courses throughout 2024.
- Conducted regular meetings with informatics leadership in the Pediatrics department to facilitate improvements in the electronic health records utilization across the organization.
- Volunteered to pilot and then served as a champion for new artificial intelligence scribe technologies. Updated clinic workflows including documentation templates to better utilize artificial intelligence.

Jewish United Fund; Chicago, IL 2023 Present

- Served on the board for the Young Leadership Division's Hebrew committee from 2024 to 2025 and Jewish Engagement committee from 2025 to 2026.
- Selected to participate in the Gesher leadership program in 2025 which focused on leadership development, training, and an education series.
- Attended multiple volunteer events and community engagement opportunities.

Resident Selection Committee; Ann Arbor, MI 2022 2023

- Evaluated applications and participated in rank list meetings to select incoming residents.

Student Government Technology Committee; Detroit, MI 2016 2020

- Elected by student senate to represent colleagues on the school's Technology Committee.
- Advocated for advancements in the school's use of technology in the curriculum and proposed improvements for technology-related issues in monthly meetings.

Taizhou-Enze Medical Center Hospital Externship; Luqiao, Zhejiang, China 2016

- Worked with attending physicians in traditional Chinese medicine, pediatrics, emergency medicine, and vascular surgery specialties for one week each.
- Learned and performed traditional Chinese medical techniques, including acupuncture and cupping therapy.

Jewish Medical Student Association; Detroit, MI 2015 2020

- Selected to serve as president in 2017-2018, a role which involved coordinating seminars with speakers and events and interfacing with outside organizations.

Street Medicine Detroit; Detroit, MI 2015 2018

- Served as the technology director. In this role, implemented and troubleshoot issues with the organization's new electronic medical record system.
- Led street runs to administer healthcare directly to Detroit's homeless population. Served as a member of the board to help coordinate the actions of the organization.

Walt Disney Animation Studios Technology Internship; Los Angeles, CA 2015

- Designed and created a web application to facilitate an easier workflow for booking conference rooms across the film studio with two senior engineer mentors.
- Participated in seminars to learn about the entire process of how animated films are conceived and created, from initial storyboards to final animation.

RESEARCH

Dr. Heather Burrows, General Pediatrics; Ann Arbor, MI 2021 2023

- Conducted chart review on the counseling provided to families with infants on safe sleep practices at home for a quality improvement project.
- Helped implement initiatives, including providing a safe sleep sticker with books for families of infants at well visits and changing clinic templates to promote better safe sleep counseling.

Dr. Amy DeLaroche, Pediatric Emergency Medicine; Detroit, MI 2018 2019

- Reviewed over 150 charts retrospectively to determine how acute asthma exacerbations were treated in the emergency department of Children's Hospital of Michigan in 2016 and 2017.
- Analyzed statistical results of the reviewed charts, which found that chest radiographs were over-utilized in cases of acute asthma exacerbations, leading to adjustments in the emergency medicine resident curriculum.

Dr. Mark Saper, Biochemistry; Ann Arbor, MI 2012 2013

- Collaborated with graduate students to coordinate and implement experiments to demonstrate how mutations affect the LpoA protein in a bacterial cell and antibiotic resistance.
